

## **Medical Billing Firm Moves Into New Location and Unveils New Website**

For Immediate Release (11/24/2004)

Outsource Management Group is an industry leading medical billing & medical coding outsourcing company providing physicians with complete practice management solutions nationwide.

The release of the new website and medical billing blog are indicative of Outsource Management Group's commitment to being a leader in the industry by providing the best possible service and latest information and news.

Outsource Management Group, LLC was born in early 2003 in a small home office but soon outgrew that office requiring the move to its current, much larger facility. Since moving into the current facility, Outsource Management Group, LLC has grown over 200% taking on new clients nationwide including clients from California to New York and now Hawaii.

Outsource Management Group, LLC was co-founded by Melissa Clark, CCS-P and Kathryn Disney, CCS-P and provides numerous services to physicians and other medical professionals including: Medical Billing, Medical Coding, Electronic Claims Submission, Medical Billing Consulting, Medical Coding Audits, Staff & Provider Training, Physician Credentialing, HIPAA Consulting, Complete Follow-up Functions, Patient Invoicing and Medical Coding Consulting.

With extensive editing and audits being performed on electronic claims prior to their transmission to carriers, the percentage of suspension/rejections is low. Outsource Management Group, LLC realizes the importance of working the aging report. Insurance companies are contacted as early as two weeks after submission to ensure quick reimbursement to the physicians.
